---

Dear Bowl-a-thon Captain:

Thank you for taking on the role of putting together a team for this year's Soul Bowl.

Our goal for the event is \$30,000. Your participation will greatly encourage the ongoing work of Living Hope Ministries (LHM). Perhaps someone from work, church, bible study etc. might be interested in bowling with you or putting together their own team. Together we can make this event great.

As a team Captain, we are asking you to form a team of four other bowlers who will join you. The goal for each team is to raise \$1,000, or \$200 per team member. This is a fun and exciting way to assist the efforts of LHM as we continue to impact Northeast Minneapolis with the hope that Jesus provides.

For your convenience, I have included a letter for your use, encouraging potential sponsors to join your efforts. I have also included a pledge form for you to track your supporters, and a master copy of a pledge card to cut and send with each of your letters.

As you and each of your team members bowl, please keep a written account of your total score so you can follow up with those who have pledged their support.

I am looking forward to another great event.

Blessings to you,

*Steve*
